Every great city carries
a name you can
wear on your chest.

NEW YORK

LOS ANGELES

SÃO PAULO

PARIS

And **finally, from now on,**
Miami has a brand of its own.

This isn't just a city brand.
It is an identity statement. A way
of saying who you are.

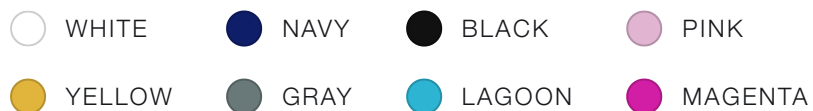

MIAMI

HOW IT WORKS

One space. One colour.

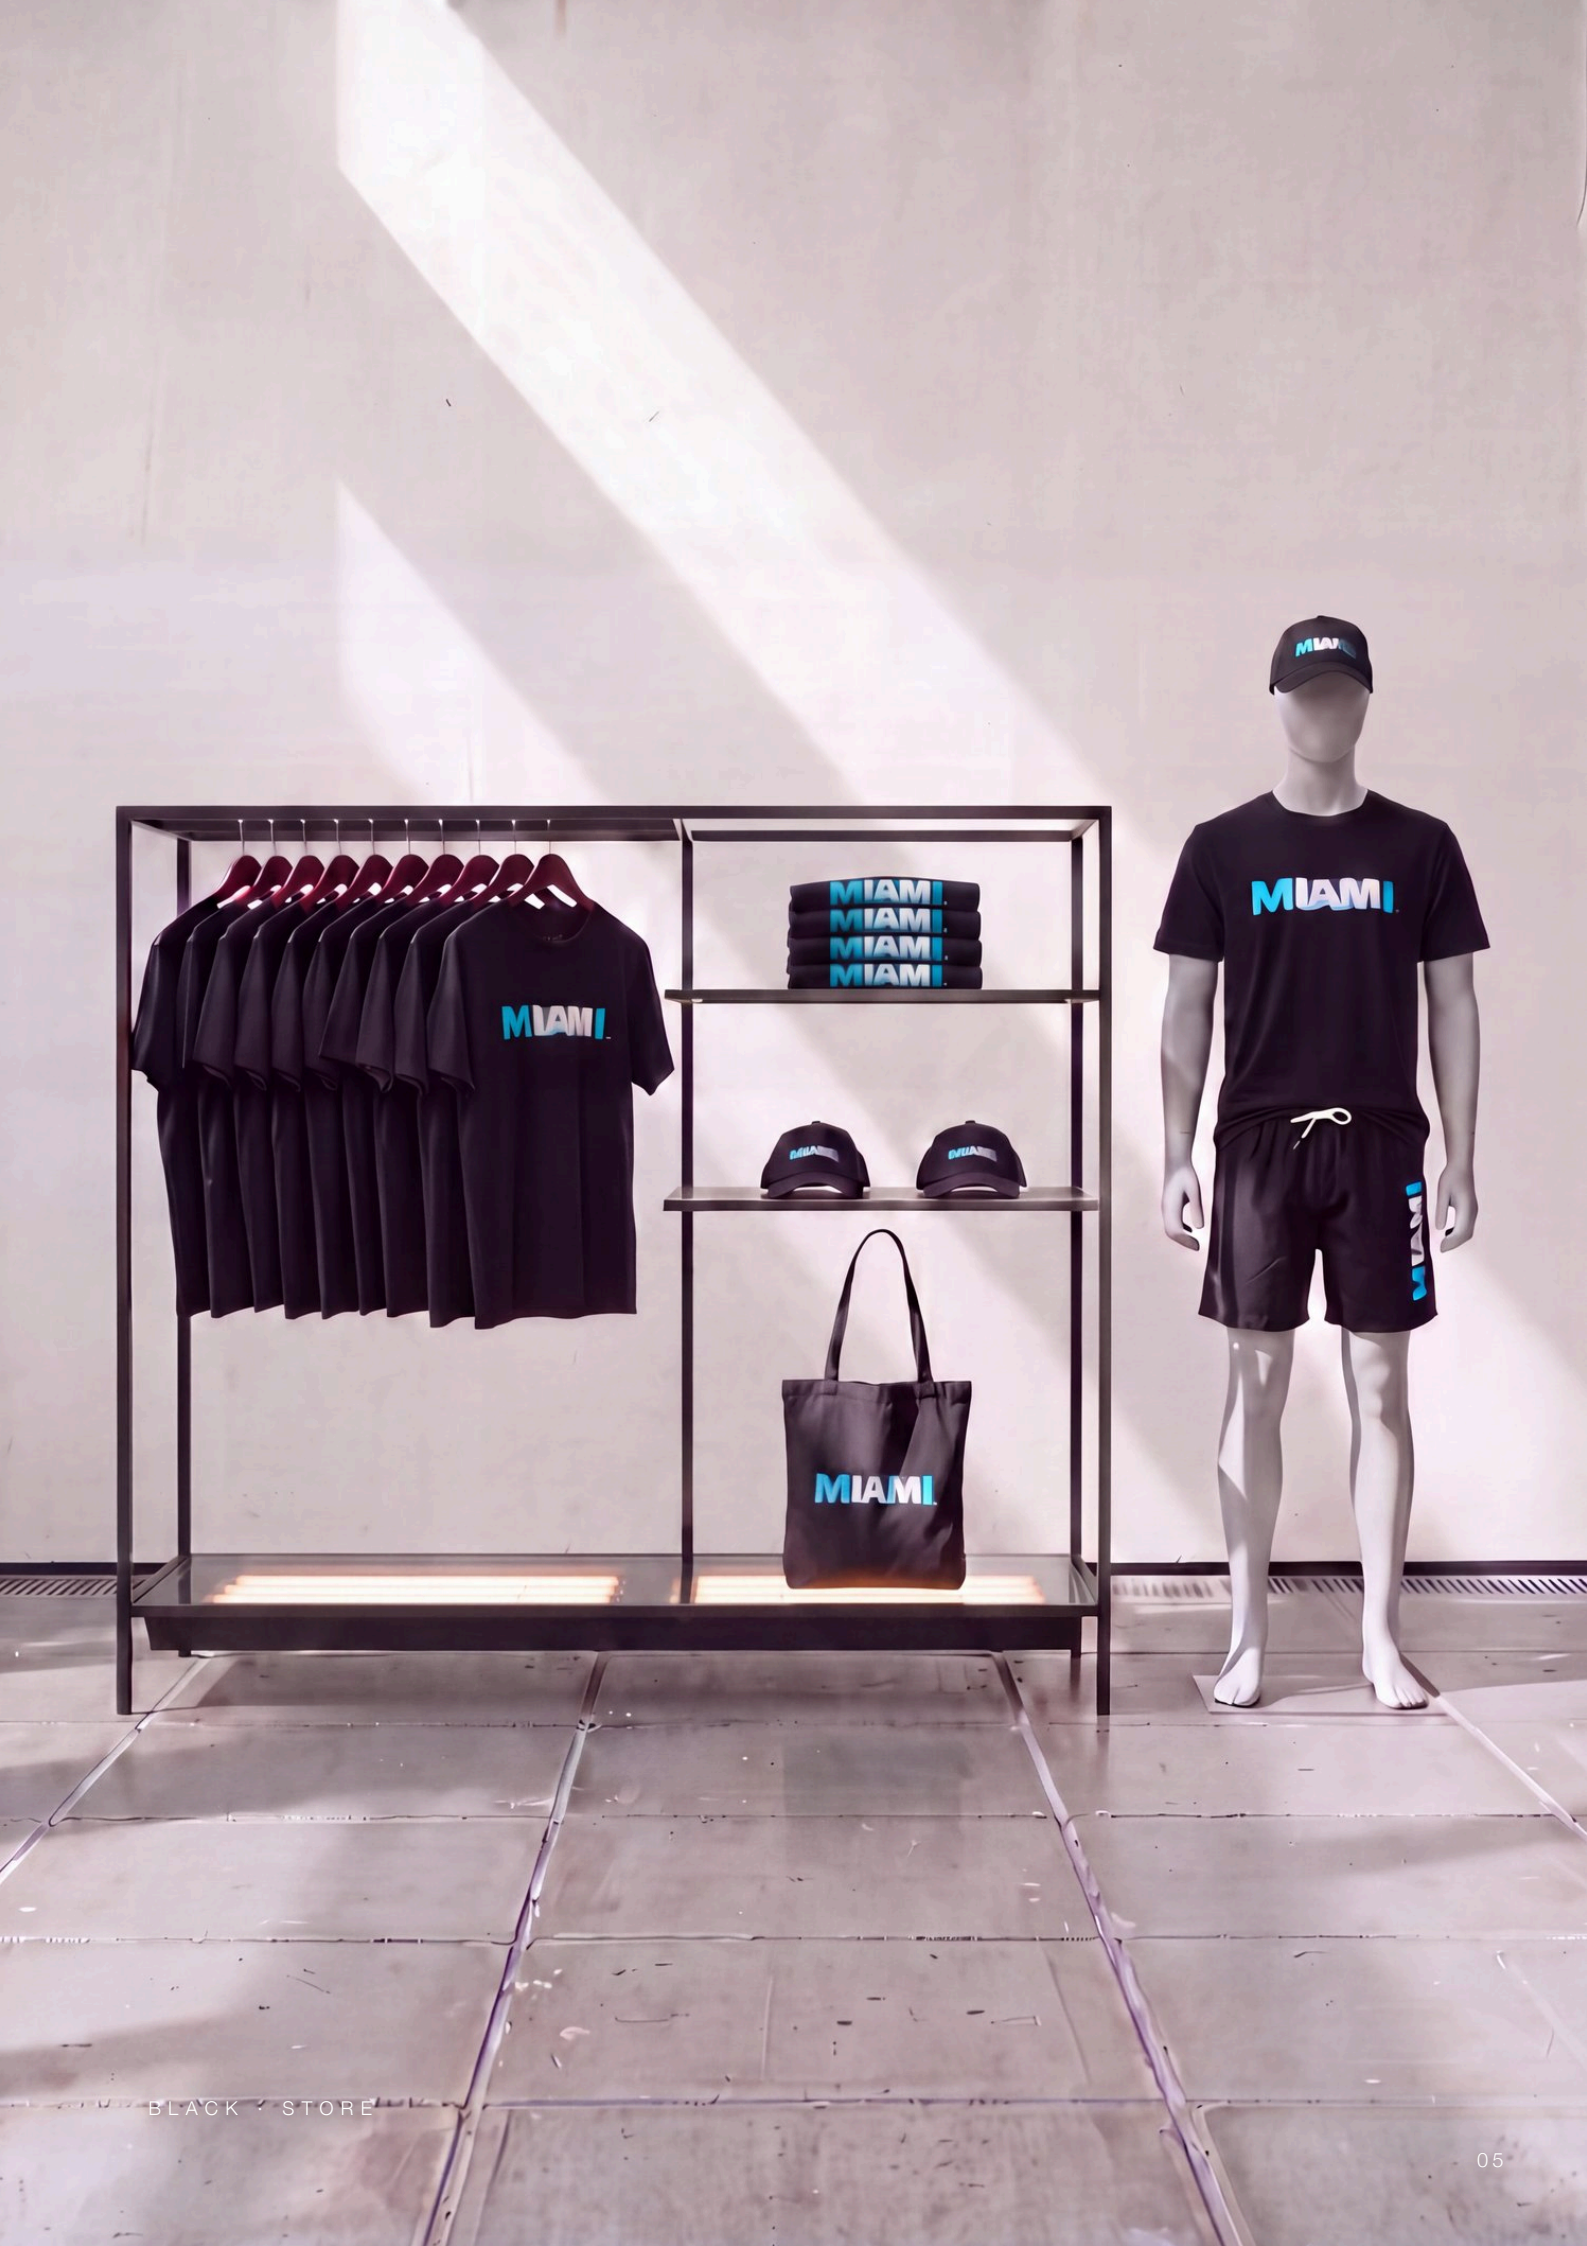

I AM MIAMI is built to live as a single colour in your space — one clean, confident monochrome display, never a mix. So the collection is organised by colour, and you build one story, head to toe.

01 **Choose your colour.** The one that fits your space.

02 **Then choose your pieces** that are available in that specific colour.

Two reasons it belongs here.

01

It's the city's brand.

Miami finally has a brand of its own: I AM MIAMI. And a city's brand belongs in the city — in its airports, its hotels, its museums, its shops. The real question isn't why carry it. It's how a place that lives and breathes Miami could carry anything else.

02

It's a statement, not a slogan.

Look closely at the word: M·I·AM·I. Hidden inside the city's name is I AM. So your customer doesn't just carry Miami — they say it: I am Miami. They're not buying a product, they're claiming an identity. That's why they keep it, wear it, and come back for more.

WHOLESALE · HOTELS · CORPORATE GIFTING
