

MIAMI

THE MIAMI CITY BRAND

LOOKBOOK 2026

Every great city carries a name you can wear on your chest.

New York has I ♥ NY.

Los Angeles roars it in Dodger blue.

Chicago wears the Bulls.

Paris says je t'aime.

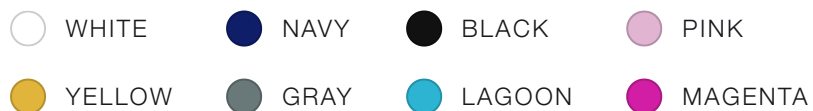

Miami has the sunsets, the rhythm, the ocean, the skyline. And now, a name of its own.

HOW IT WORKS

One space. One colour.

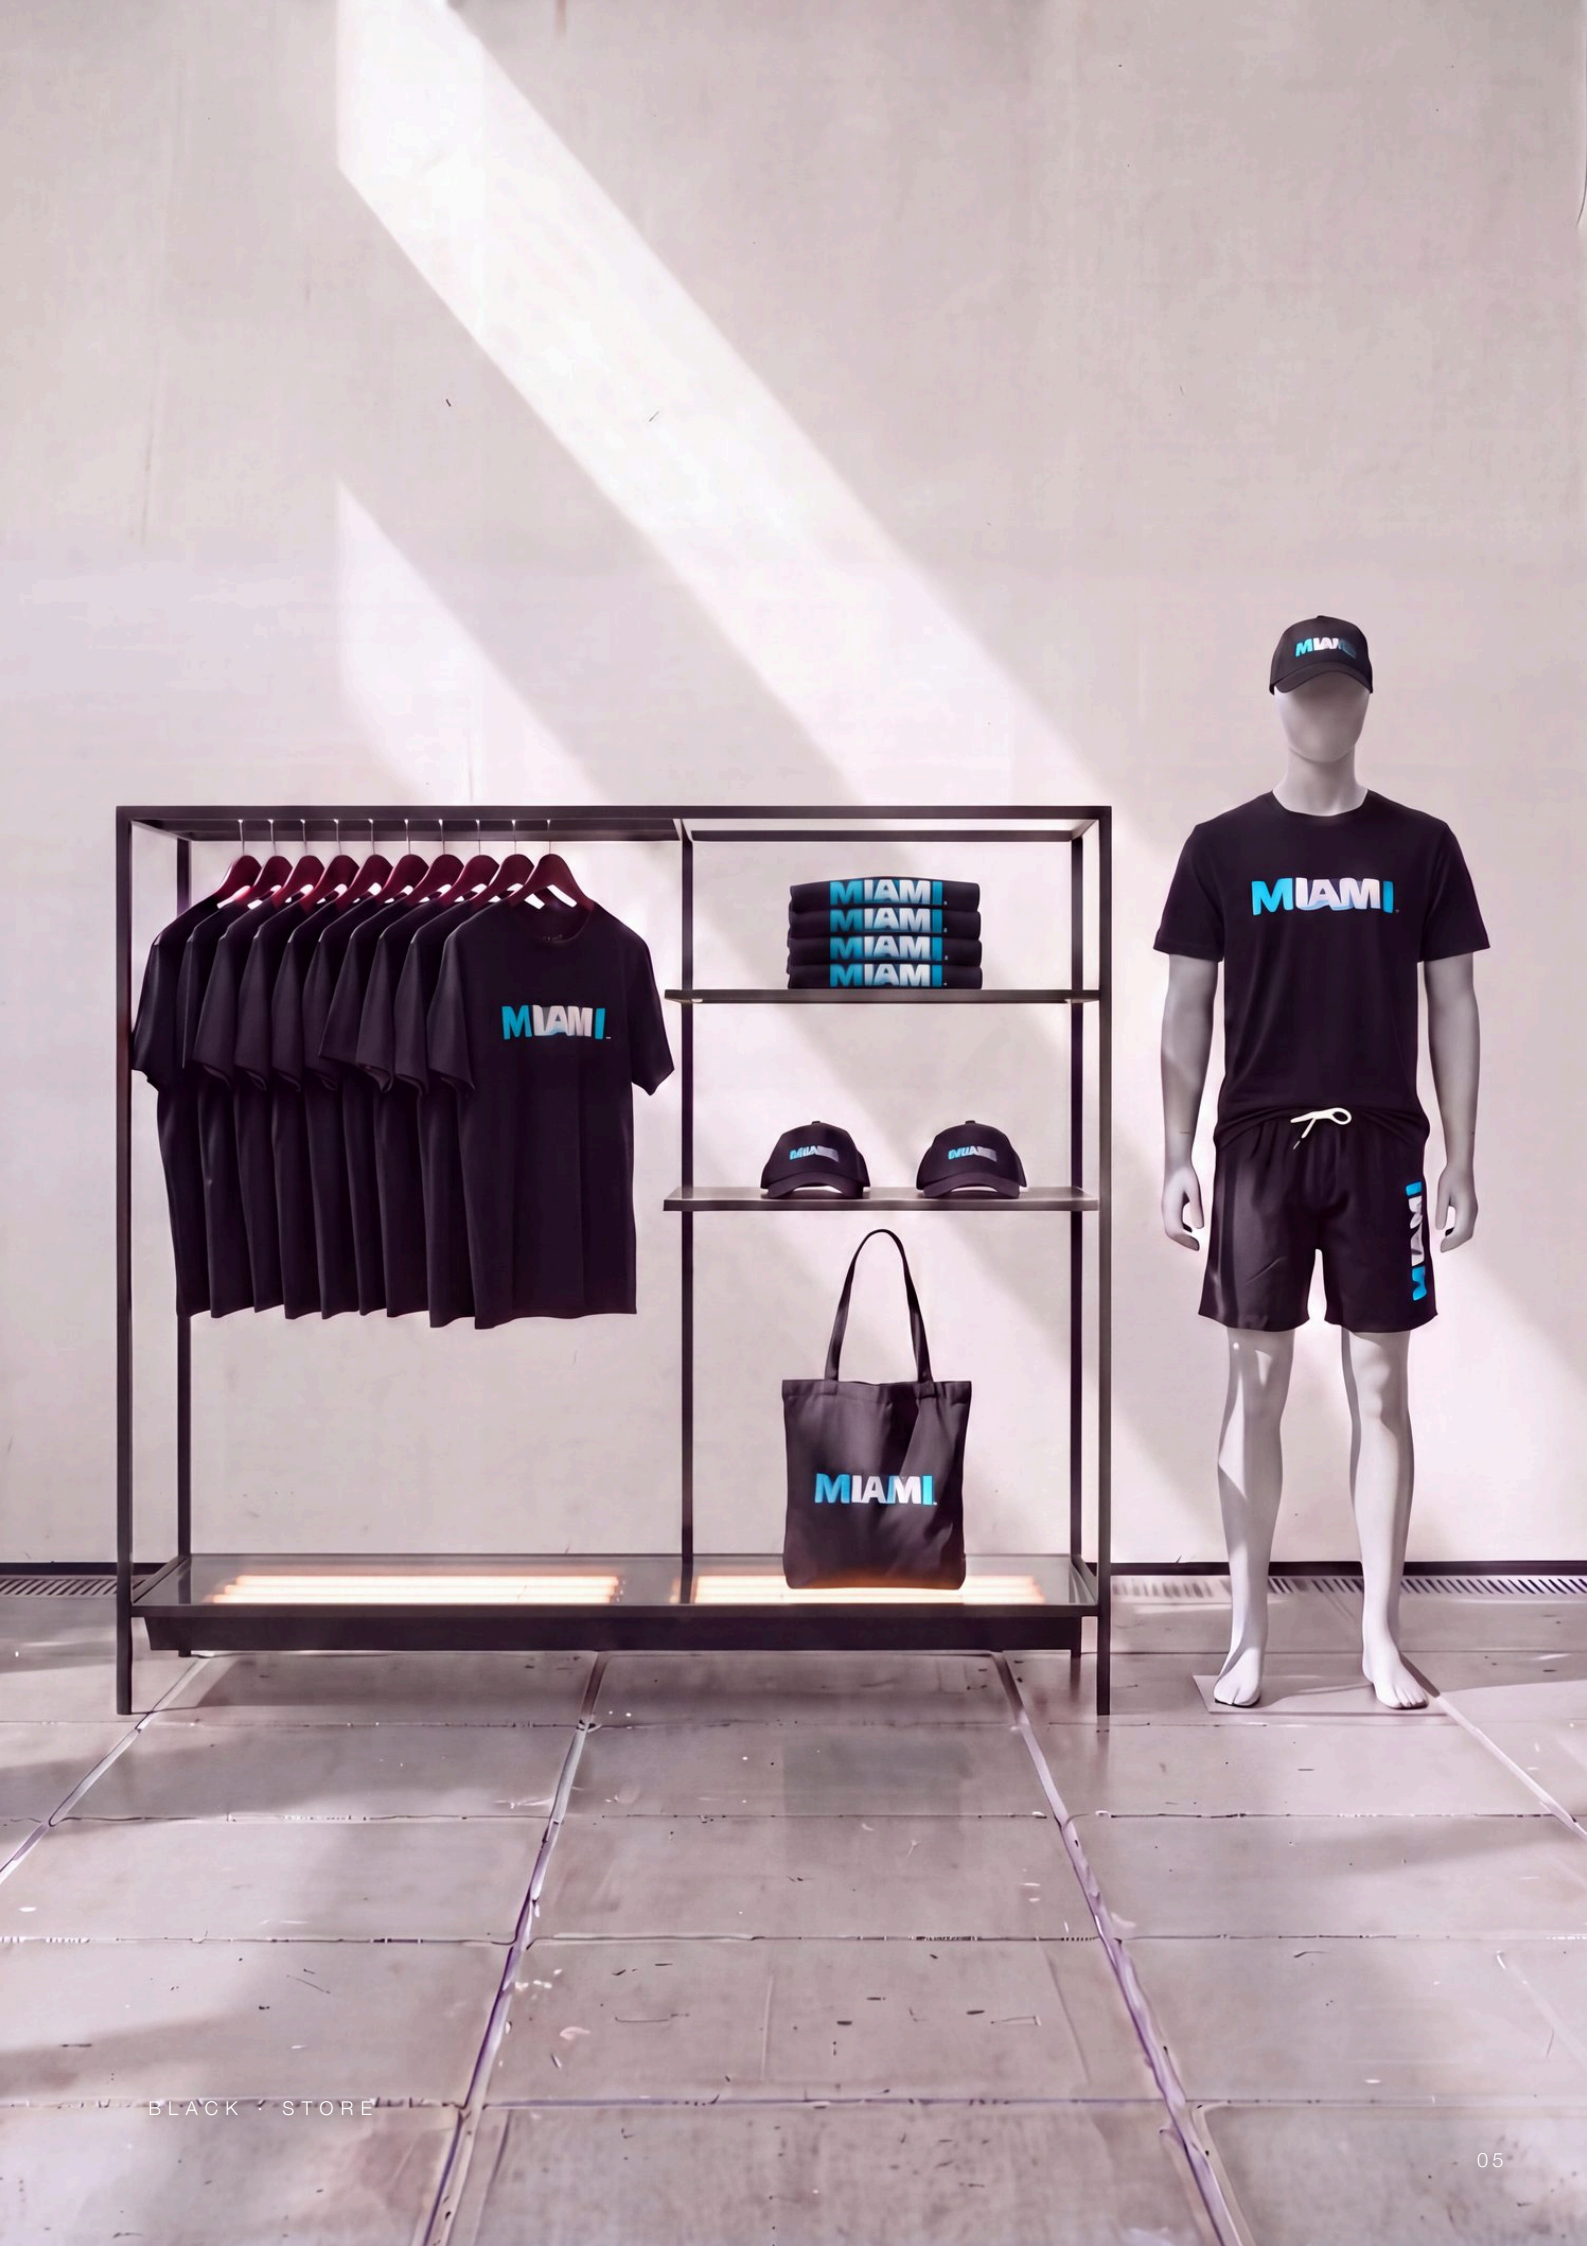

I AM MIAMI is built to live as a single colour in your space — one clean, confident monochrome display, never a mix of five. So the collection is organised by colour, and you build one story, head to toe.

01 **Choose your colour.** The one that fits your space.

02 **Then choose your pieces** that are available in that specific colour.

FOR RETAIL · HOTELS · CORPORATE

Miami finally has
a brand. The only
question is whether
it's in your space.

I AM MIAMI is the brand of the city.

Your customers want to carry Miami inside, give them the badge that says it.

Two reasons it belongs here.

01

It's the city's brand.

Miami finally has I AM MIAMI — the brand of the city. And the city's brand has to live in the city: passing through its airports, its hotels, its museums, its shops. A place that lives and breathes Miami carrying anything less than the Miami brand — that's the part that needs explaining. Not this.

02

It's a statement, not a slogan.

Look closer at the word: M·I·AM·I. Hidden inside the city's name is I AM. Your customer doesn't just carry Miami — they say it. They're not buying a product, they're claiming who they are. That's why they keep it, wear it, and come back.

The city's brand, and a way to wear it. That's the whole case.

WHOLESALE · HOTELS · CORPORATE GIFTING
